Best Western Chateau Granville
Vancouver, B.C. Canada

December, 2009

The Best Western Chateau Granville hotel is committed to the sustainability of our environment. We are proud to receive a 3 Green Key Rating from the Hotel Association of Canada.

The Green initiative is focused in the following areas:

- Energy Conservation
- Water Conservation
- Waste Reduction
- Recycle Program
- Use of environmental friendly products and services whenever possible
- Use of local products whenever possible
- Environmental management and training programs

To fulfill this mission, we have implemented and improved our leading business practices, we will provide ongoing education and training and enhance daily work habits to protect our environment.

With the support of our guests, we will continue to work towards any savings and reductions in order to benefit the environment and local community.

Thank you for helping us to conserve the Earth's vital resources.

Each Best Western hotel is independently owned and operated
